# DISCRIBE YOUR PROJECT :

## OBJECTIVE :

- ▶ Typical photography website's objective is to show off photos or images in a way that will attract new clients.
- ▶ This is somewhat different than most business websites.

## PURPOSE :

- ▶ A photography website can be used for more than just showcasing your best images.
- ▶ It's a place where you can connect with fans or future clients.
- ▶ It's a place you can promote your products and services.

THANK YOU
